Ann Vernon, City Secretary

SUMMARY / ORIGINATING CAUSE

Detective Unit is 11 years old and has over 110,000 miles. The police department should have well over 50K in surplus funds due to the personnel shortage this year. Would like to purchase now to reduce any future expense. The vehicle would be purchased through HGAC for approximately $24,000.00

IMMINENT CONSEQUENCES AND/OR BENEFIT TO COMMUNITY

This new vehicle will allow the detective to carry all of the necessary equipment to process scenes. It also provides better visibility when setting up on locations and does not look like a vehicle associated with the police.

RECOMMENDED MOTION

Allow the police department to utilize some of the surplus funds to purchase this vehicle.

LIST ATTACHMENTS

Subject: Gym Membership for the Officers of the Lakeview Police

City Attorney Review: **Yes** _____ **No** No

Degree of importance: **Critical** ☐ **Significant** ☐ **Elective** ■

Expenditure Account: 1010101 **Fiscal Year:** 2015/2016

Expenditure Required: $ 100.00 **Amount Budgeted: $** -0-

Budget Appropriation Required: $ $100.00 one ti

Date Received

Ann Vernon, City Secretary

SUMMARY / ORIGINATING CAUSE

To Provide health benefit to our police officers. Currently, our officers must use an outside gym incurring the personal cost, and more importantly their time. Many officers work a second job to make "ends meet" this can benefit the officers at no cost to them or the City.

IMMINENT CONSEQUENCES AND/OR BENEFIT TO COMMUNITY

Improve officer moral, overall health and strength to our police force. The cost to the City is about 100.00 dollars in cards for their personal membership. Having officers "workout" locally will increase security, improve community relationships, and benefit the overall health of our officers.

RECOMMENDED MOTION

Move to offer officers of the Lakeview Police Department, a Gym Membership at the El Lago fitness facility. The city to cover the badging cost of 100 dollars, of which shall be used from the general fund 10101.

SAFETY IN A BOX

Easy as 1-2-3

Radarsign's Safety in a Box™ is easy to order, requires no configuration and is a complete package for the end user. This all inclusive sign package has everything needed for installation except the shovel and the concrete. All that is required is digging a hole, pouring the concrete, and installing the sign. It's that easy.

Safety in a Box™ Package includes:

- TC-600 solar powered radar speed sign with 13" full matrix LED display
- 28"W x 33"H YOUR SPEED faceplate with 4" high lettering; available in white, fluorescent yellow/green, and safety orange
- Speed alert choices: Slow flash of actual speed; Fast flash of actual speed; SLOW DOWN message; TOO FAST message; Simulated camera flash (optional)
- 40 watt solar panel with mounting bracket
- Two 12V 18 amp hour AGM batteries
- Regulatory speed limit sign (18W" x 24"H) and sign extender bracket set; Choose from 10, 15, 20, 25, 30 or 35 MPH
- 3/8" aluminum Bashplate™ provides maximum vandal resistance
- Stainless steel mounting hardware included for poles up to 4.5" OD
- Concrete form for the pole base; includes mounted anchor bolts and rebar ; aluminum pole only
- 11' aluminum pole with breakaway base and pole cap; Optional black decorative pole is available
- Wi-Fi enabled: allows access to program signs from most web enabled devices (Apple devices, Android devices, Windows devices, etc.)
- StreetSmart traffic data reporting software
- 2 year warranty on parts and labor, including batteries

MAKING ROADS SAFER

TC-600 Radar Speed Sign

Built for Safety, Built to Last

Durable Design: Radarsign's built for purpose design is the most vandal resistant radar speed sign on the market today.

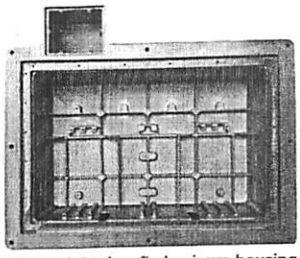
- Heavy-duty aircraft aluminum housing with an armored 3/8" thick Bashplate™ and 1/4" Makrolon® polycarbonate cover provide superior protection to the internal components of the radar speed sign from external force and weather.
- Beveled design of the armored Bashplate™ protects LEDS and internal components from damage by dissipating force inflicted on the sign.

Exceptional Visibility: 13" full matrix LED display with directional beam technology delivers a superior quality display for drivers, even in bright sunlight. Radarsign's proprietary design serves as a cone, magnifying the intensity of the light, and pinpoints it directly to the view of approaching drivers. Easily readable up to 600 feet.

Flashing Speed/Message Alert Choices

- Speed Alert choices: Slow flash of actual speed; Fast flash of actual speed; *SLOW DOWN* message; *TOO FAST* message; Simulated camera flash (optional)
- Display on-off feature allows traffic data collection continue even when the display is off (stealth mode).
- Delay option to alert speeders above posted speed limit.

Faceplate: 28"W x 33"H YOUR SPEED faceplate with 4" high lettering; Available in white, fluorescent yellow/green, or safety orange.

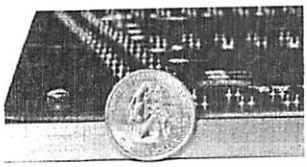


Heavy duty aircraft aluminum housing

Design Standards: NEMA 4R level compliant; meets or exceeds MUTCD design guidelines; Makrolon® polycarbonate cover provides maximum UV protection and is abrasion, shatter, and graffiti resistant.

Batteries: Batteries are designed to slide into housing slots without any danger of movement; Maintenance is limited to battery changes every three to six years.

Radar: Detects vehicles up to 1200 feet away.



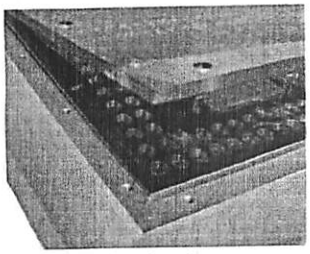
3/8" Bashplate protects LEDs

Wi-Fi Enabled: Allows access to program signs from most any web enabled devices (Apple devices, Android devices, Windows devices, etc.).

Power Options: Available in AC powered and solar powered models.

Ideal for: 10-45 mph speed limit roads or lower

Warranty: Two year warranty on parts and labor, including batteries; Does not cover malicious abuse, theft, or damage due to unauthorized modification.



1/4" polycarbonate cover

Optional Features:

Streetsmart Traffic Data Reporting: Records traffic data that can be used to confirm date, time, and severity of speeding problem.

EZ Comm: Allows a secure, cellular-based, remote management of your radar speed signs.

External Device Relay Switch: Triggers external devices from the radar speed sign based on time and/or speed, or temperature.

Poles: Aluminum or black decorative poles with FHWA safety compliant breakaway bases

Proudly Engineered and Manufactured in the USA

TC-600 Radar Speed Sign Specifications

Power Options/Battery Specifications

TC-600S (Solar Powered)

- Solar Panel Output: 40 watt
- Power Supply: Two 12-volt,18 amp/hour AGM batteries (UL recognized); provides up to 14 days of operation.
- Solar Charge Controller: Manages the flow of solar energy input (up to 85w) from solar panel to battery
- Pole Mount: Side pole mount with 45° angle bracket for effective solar charging
- Software Control: SmartCharge® software prevents overcharging and intelligent shutdown when battery falls below acceptable voltage; auto restart when sufficiently recharged
- Battery Status: Via Wi-Fi can check battery charge levels and solar amperage
- Power Consumption: < 2.0 amps in active mode; Idle mode < 1/2 watt; Circuit Breaker: Multi-circuit, 3x10 amp fuses

TC-600A (AC Powered)

- Power Supply: Hard wire to 100V-240V power supply
- Power Consumption:< 2.0 amps in active mode; Idle mode < 1/2 watt; Circuit Breaker: Multi-circuit, 10 amp fuse

Housing Specifications

Radar Speed Sign Housing

- Dimensions: 18.5"H x 26.25W x 5.0"D
- Thickness: .1875" to .25" thick, heavy-duty aluminum
- NEMA 4R level compliant
- Humidity Maximum: 100%
- Non-sealed and ventilated
- Provides maximum protection from the elements and vandalism

Bashplate™ with LED Cones

- Internal .375" aluminum shield over LED display to protect components from abuse or vandalism.
- Individual holes for each LED focus and reflect light toward the road, providing the highest quality viewable display with minimum energy usage.

LEDs

- 2 digits, 13" high super bright amber full matrix LEDs (life up to 100,000 hours)
- Easily readable up to 600 feet
- Automatic intensity adjustment to ambient light conditions for maximum visibility
- Provides directed viewing or display to oncoming traffic

Makrolon® Polycarbonate Display Cover

- .25" thick protective cover
- Abrasion, graffiti and shatter resistant
- UV protection

Weight and Operating Temperatures

Weight

- TC-600S (Solar Powered): 41 lbs, (67 lbs w/batteries)
- TC-600A (AC Powered): 41 lbs.

Operating Temperatures

- -40 F to +138 F

Display and Radar Specifications

YOUR SPEED Faceplate

- 28"W x 33"H YOUR SPEED faceplate with 4" high lettering
- MUTCD compliant colors and reflectivity
- Ideal for 10-45 mph speed limit roads
- Available in white, fluorescent yellow/green, or safety orange

Flashing Speed Alert Choices

- Slow flash of actual speed; Fast flash of actual speed; *SLOW DOWN* message; *TOO FAST* message; Simulated camera flash (optional)
- Display speed and custom message alert message alternately

Radar

- Type: K Band, single direction Doppler radar, FCC part 15 compliant; no license required
- Sensor Range: Detects vehicles up to 1200 feet
- Beam Width: 12 degrees, +/- 2 degrees
- Operating Frequency: 24.125 GHz, +/- 50 MHz
- Accuracy: +/- 1.0 mph
- Speed Detection Range: 5 - 127 mph

Standard Programming / Wi-Fi

- On/Off Timer Options: 4 timers per day, also by day of week. Settings allow lower speed limits for school zone times and for late night display shutoff.
- Display On/Off: Allows traffic data collection to continue even when display is off.
- Display Brightness Control: Auto adjusts to light conditions, up to 100 levels.
- Setup Functions: Easy to follow menu – software managed, no mechanical switches to operate.
- Maximum Speed Cutoff: Prevents unwanted high speed displays; up to 99 mph; discourages "racing" of sign. Choice of flashing matrix, or LED display cutoff.
- Date/Time Control: Battery backed real-time clock auto-adjusts for daylight savings time.

Wi-Fi Enabled

- Allows access to program signs from most web enabled devices (Apple devices, Android devices, Windows devices, etc)
- WPA2 encrypted security
- Password protection
- Range of up to 300 feet from sign

Traffic Data Reporting

StreetSmart (optional)

- Use StreetSmart traffic data reporting software to report, organize, and analyze speed and traffic data
- The information collected by the radar sign is loaded into Excel™ ready .csv files, and can generate 35 charts and graphs.

Mini SD Memory Card

- System Storage Capacity: stores data on up to 5 million vehicles; Retains data for retrieval for 12 months.

Warranty

- 2 year warranty on parts and labor, including batteries. Exceptions: Does not cover malicious abuse, theft, or damage due to unauthorized modification. Optional third year warranty extension available.

Hello Chief Savage,

Thanks so much for your patience, and for your continued interest in our Driver Feedback Signs. They are an excellent tool for behavior modification of speeding drivers. As discussed, our TC-600S has replaced the TC-500S, and offers these enhancements, for the same price as our TC-500:

- 13" display is 12% larger, giving drivers a better look at the display, now at 600 feet from the sign
- Full matrix display allows additional word alerts for speeders: SLOW DOWN, and TOO FAST
- WiFi connectivity allows any device with a web browser to communicate/operate the radar signs from a distance of up to 300 feet, 10 times the distance of the TC-500 Bluetooth connection
- There is even an option for a simulated camera flash, if you like

The TC-600S (solar) runs $3600 plus shipping of $150. For a quantity of 3 or more signs, you can expect a commensurate quantity discount.

Another option is to consider our turnkey bundle for the TC-600S, which we call "SAFETY IN A BOX". It includes a pole with crash tested breakaway base, anchor bolts for the cement pad, regulatory speed limit sign, and our data collection & reporting software, Streetsmart. I have attached a flyer for your review.

The single unit price for Safety in a Box is $4200 plus shipping of $240. If we palletize the shipment, there is a savings as well.

All of our signs include a 2 year warranty, and current lead time for shipping is 3 weeks from date of order. Our local distributor is Centerline Supply/Trantex, located in Houston. (281-448-7711)

Let me know if I have provide you any other information at all.

Best regards,

Charlie

City of El Lago CITY COUNCIL AGENDA ITEM FORM

This form should be completed and forwarded to the City Secretary's Office as soon as possible and at least 1 week prior to the meeting that the item is expected to be placed on the El Lago City Council agenda.

Date requested for City Council consideration: 9/19/16

Submitted by: Tom Savage **Date Submitted:** 9/16/16

Subject: Electronic Speed Limit Sign

City Attorney Review: **Yes** _____ **No** x

Degree of importance: **Critical** ☐ **Significant** ☒ **Elective** ☐

Expenditure Account: _____ **Fiscal Year:** 16-17

Expenditure Required: $ 4,200 **Amount Budgeted: $** 0

Budget Appropriation Required: $ 4,200

Date Received

Ann Vernon, City Secretary

SUMMARY / ORIGINATING CAUSE

Electronic or flashing speed limit signs will assist in slowing the motoring public as they leave the higher speed limit arteries and travel into the city. They would also allow the collection of data on the speeds of the vehicles in that immediate vicinity.

IMMINENT CONSEQUENCES AND/OR BENEFIT TO COMMUNITY

Certainly the speed of the motoring public has a direct relationship with the overall safety of the community. That being said, children in the street would be safer if the vehicles were traveling at the posted speed limit. The ability of these electronic speed limit signs to bring the attention of drivers back to their speed is invaluable.

RECOMMENDED MOTION

The city purchase at least one of these electronic speed limit signs per year until all entrances have one. I also recommend that the city purchase the complete kit which includes a break away base to minimize damage to a striking vehicle and the electronic speed limit sign.

EVENT ROOM VARIANCE REQUEST FORM

To obtain a variance, applicant must submit a completed variance request to the City Secretary. The variance will be placed on a City Council Meeting Agenda for consideration. Resolution 2013-08, approved and passed by the El Lago City Council on June 19, 2013, allows for the following variance:

> Upon the request from a Local Civic Organization, the City Council by an affirmative vote of four (4) Council members may grant a variance to reduce or dismiss the fees associated with the Local Civic Organizations use. The City Council shall consider the costs in labor and wear and shall in no case allow the Local Civic Organizations to become a burden on the citizens of El Lago and shall set conditions and guidelines for the variance accordingly.

Description of Variance Requested: To use the event room for a monthly Autism meeting On the last Saturday of the month from 10:00AM to 12:00pm

Reasons Why the Variance Should be Granted: It would benifit moms of Children with Autism in the community. We would have a guest speakers to visit to talk to the moms and help them with our challenges

Date Received

Ann Vernon, City Secretary

SUMMARY / ORIGINATING CAUSE

Over the year our volunteers donate many hours of their time to make this City function. Park Board, Planning and Zoning, Building Standards, Police Commission. and the Events Committee. These residents of El Lago donate their time to make this city the shinning example of Texas style Americana. With out these caring residents of this City our tax Rate would be much higher, and our community would be less of a idealized place to raise the next generation of responsible Texans.

IMMINENT CONSEQUENCES AND/OR BENEFIT TO COMMUNITY

Due to the City diligent effort, we have come in almost $30,000 under budget for the 2015/16 year. Using a portion of this underage to thank people that made this efficiency possible; by hosting a dinner to express this city admiration for our Volunteer dedication to the community, is a small price to pay.

RECOMMENDED MOTION

Move to fund a Volunteer Appreciation Dinner from account 10101 from the 2015/16 budget year that will be held in the 2016/17 year.
(Creating and -0- budget impact for the 2016/17 budget year.)

LIST ATTACHMENTS

RESOLUTION NO. 2016-05

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF EL LAGO, TEXAS COMMITING $3,500.00 OF UNASSIGED FUND BALANCE IN THE GENERAL FUND FOR A VOLUNTEER APPRECIATION EVENT TO BE HELD IN FEBRUARY 2017.

WHEREAS, Government Accounting Standards Board issued Statement No. 54 clarifying fund balance classifications to enhance the usefulness of fund balance information; and

WHEREAS, on January 16, 2013 the City Council of the City of El Lago approved Resolution 2013-02 adopting a Fund Balance Policy which complies with Government Accounting Standards Board Statement No. 54; and

WHEREAS, the Fund Balance Policy designates the *Committed Fund Balance* as funds that can only be used for a specific purpose as determined by formal resolution of the City Council; and

WHEREAS, the City Council desires to commit $3,500.00 of unassigned fund balance in the General Fund for a Volunteer Appreciation Event to be held In February 2017;

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF EL LAGO:

The City Council of the City of El Lago hereby commits $3,500.00 of the unassigned fund balance in the General Fund for a Volunteer Appreciation Event to be held In February 2017.

PASSED, APPROVED AND ADOPTED this the 19th day of September, 2016.
