November 7, 2016  
402 Lakeshore Drive  
Seabrook, Texas

We are planning to install a security fence on the Lakeshore Drive north boundary of Lot 20, and are requesting a variance for the fence posts of the wrought iron fence. In lieu of the ordinance -dictated stone fence posts every 6 feet, we request to be allowed to use wrought iron fence posts, similar to those used in the surrounding homes at 403, 404, and 405 Lakeshore Drive.

Thank you for your consideration of our request.

## Chapter 5 sub title 17

- No towed vehicles, including trailers, mobile homes, boat trailers, boats, boat rigging or carts, and large motor driven vehicles including motor homes, recreational vehicles or campers shall be parked, stored or left standing in streets, driveways, or on lawns unless the vehicle is parked on a constructed driveway or improved surface behind the building setback line or if on a corner lot, the side setback line. In the event that a structure is constructed deeper into a particular lot than any building setback line, no such vehicle shall be parked, stored or left standing outside of the actual front line (or in the case of a corner lot, the side construction line) of the structure on the particular lot. Additionally, vehicles may be parked, stored or left standing in any location on the constructed driveway of a residence for a period of time not to exceed seventy-two (72) hours in any given week if the vehicle is in use or is undergoing general maintenance activities. No vehicle(s) as described in this subsection may be parked, stored, or left standing on any portion of a property used for residential purposes if said vehicle or any combined measurement of said vehicles are greater than thirty (30) feet in length, are wider than ten (10) feet in width or are higher than ten (10) feet in height unless said vehicle(s) has/have been parked, stored or left standing on the property in accordance with this subsection on the date of the passage of this Ordinance. The measurement of a motor vehicle shall be from front to rear bumper; the measurement of a trailer or boat shall be from the trailer tongue or bow to the stem or rear of the trailer. The measurements shall be made from that portion of the said vehicle that extends the furthest. The height measurement will be from, the ground up to the highest fixed portion of the said vehicle. Removable structures such as air conditioners, boat towers and antennas temporarily mounted on said vehicles shall not be included in the height measurement. All combined measurements will consist of like measurements (i.e., length + length, width + width or height + height).

# 102 Lakeshore

**Area Of Variance**

P&Z Ord. 441/This updated the previous Ord. and removed the “grandfathering: clause.

- No vehicle(s) as described in this subsection may be parked, stored, or left standing on any portion of a property used for residential purposes if said vehicle or any combined measurement of said vehicles are greater than thirty (30) feet in length, are wider than ten (10) feet in width or are higher than ten (10) feet in height. The measurement of a motor vehicle shall be from front to rear bumper; the measurement of a trailer or boat shall be from the trailer tongue or bow to the stem or rear of the trailer. The measurements shall be made from that portion of the said vehicle that extends the furthest. The height measurement will be from, the ground up to the highest fixed portion of the said vehicle. Removable structures such as air conditioners, boat towers and antennas temporarily mounted on said vehicles shall not be included in the height measurement. All combined measurements will consist of like measurements (i.e., length + length, width + width or height + height).
